This is to certify that the above RESIDENTIAL sewage system has a NEW **RENEWED** inspections agreement per the county standards for On-Site Sewage Facilities as required at a fee of \$200 per year with a 4% additional fee if paid with a credit card.

Inspection reports by the above service company will be filed with the authorized agency as required by the Texas regulations. A weather proof tag or label will be attached to the controller showing the month that each inspection was made along with the initials of the servicing technician

Items on the Inspection Report include aerators, filters, irrigations pump, air compressor, disinfection device, chlorine supply, OK System light, spray field vegetation, probe, sprinkler or drip backwash. We will also clean your air filter at each visit and replace it as needed. If we discover a problem with the proper operation of your system, we will notify you before any repair work is performed unless the repairs will total \$50 or less (i.e. replace float). Standard maintenance products and procedures are the responsibility of the resident and/or homeowner (example: chlorine, pesticides in and around equipment, grass/weed trimming, etc.) If you experience an emergency after hours, please call our office and our technician will contact you.

Service calls are \$80 for the trip charge which includes the first 30 minutes of repair labor. Emergency calls after hours, weekends and holidays are \$110 for the trip charge which includes the first 30 minutes of repair labor. Service requests will be responded to within 36 hrs. a return trip charge will be assessed if homeowner/resident or
